ENGAGE

Fruitful practices from movements in the Muslim world

How can we engage with local Muslims and bless their communities? 'Engage' is a one day interactive training that will give practical ways to connect, share and make disciples who multiply - a mix of teaching, case studies and discussion with opportunity to practise simple, reproducible approaches and learn from amazing movements to Jesus happening across the Muslim world.

Feedback from past events:

"Really good – lots of practical advice"

"Inspiring, encouraging and faith building"

It's free! To register or for more details please call or email the office. **0303 333 5051** | info@frontiers.org.uk

Exploring

- > How to find the people God is drawing and introduce whole families and communities to Jesus
- > How to start conversations and share the Good News in simple ways
- > What God is doing among Muslims today
